THE DANGER OF INVISIBLE LIGHT

may sound fantastic—but it's very real. In all light, besides the rays that bring color to your eyes, there are harmful, invisible rays that often cause eyestrain. Sir William Crookes, the famous scientist, has invented a form of lens through which this injurious invisible light cannot pass. We can fit these rayless Sir William Crookes lenses to either eyeglasses or spectacles.

If you are having any trouble with your eyes, consult our Registered Optometrist.

TOWN MEETING DIDN'T LAST LONG

Session Started With Motion to Tally the New London Turnpike Proposition and Parliamentary Mix-up Ensued—W. H. Cruickshank's Resolution Went Unseconded and Meeting Adjourned, Postponing Highway Improvement Indefinitely.

At the special town meeting held on Thursday night in the town hall the matter of improving the highway between Backus corner to Trading Cove was indefinitely postponed. At least after about ten minutes of a little more of parliamentary warfare a motion to adjourn was put through and the three hundred voters who came to decide the important issue of thus spending the money of the town left in varying frames of mind.

First Selectman Albert W. Lillibridge called the meeting to order at 8 o'clock and Archibald S. Spaulding was chosen to be moderator. Then in the absence of the town clerk, a motion by Attorney T. M. Shields, seconded by Judge Nelson J. Ayling, City Clerk Arthur G. Crowell was chosen clerk of the meeting.

Crowell read the warning. It was to the effect that the special meeting was called to act upon the petition of Charles H. Preston and 19 other legal voters to authorize the board of selectmen to improve the New London turnpike between the Trading Cove brook and Backus Corner, and the Trading Cove. An interval followed before this motion could be seconded, and in that interval Andrew Burdick, who had been in the room, resolution was indefinitely postponed. There was no delay in seconding this, and then the meeting adjourned and the citizens were just getting interested when things came to a head and the meeting was conducted without the town hall.

When Chairman Spaulding declared the meeting open for business, Elmer E. Kinne arose at once and made the motion that the matter be laid on the table. The chairman put the issue to a vote by acclamation and both the ayes and the nays came in considerable volume. The chair thought that there was a preponderance of ayes, but question was raised by Frank H. Smith.

At this juncture Attorney A. A. Browning suggested that the meeting was not exactly clear as to what it was voting on and Postmaster John P. Murphy said it was his opinion that the motion was wholly out of order.

Mr. Browning stated that the proper way to act was first to have a resolution presented and then act upon this. Mr. Kinne, said Postmaster Murphy, should have made a motion to adjourn instead of the one he did make.

Then William H. Cruickshank, the president of the Norwich Chamber of Commerce presented to the voters a resolution authorizing the expenditure of not more than \$4,500 for improvements on the highway between the Trading Cove brook and Backus Corner, and the Trading Cove. An interval followed before this motion could be seconded, and in that interval Andrew Burdick, who had been in the room, resolution was indefinitely postponed. There was no delay in seconding this, and then the meeting adjourned and the citizens were just getting interested when things came to a head and the meeting was conducted without the town hall.

At the business meeting of the 22nd annual convention of the Connecticut State Firemen's association in New Haven, Wednesday, attended from this city by Chief J. Stinson, J. J. Lynch from Engine Co. No. 1, Arthur Buckley from Truck Co. No. 1, Capt. Henry Taft from Chemical Co. No. 2, and Charles Froelich from Engine Co. No. 2, officers to serve during the ensuing year were elected and the resolutions of officers and committees were heard.

A dispute arose between the delegates from Hartford county over the appointment of their county vice president, the elections proceeded smoothly and the following officers were chosen: President, Wade W. Webster, Willimantic; first vice president, Thomas Benson, South Manchester; treasurer, Samuel C. Snags, Waterbury; secretary, R. V. Magee, Waterbury; Rev. M. J. Ryan, New Haven, state chaplain.

The county vice presidents elected by the various delegates from each were: Middlesex, George S. Pitt, Middletown; Hartford, Harry A. Moore, Ansonia; New London, Thomas F. Gagar, New London; Litchfield, Charles S. Wind, Fairfield; D. W. Hartford, Norwalk; Windham, Joseph H. Maynard, Putnam; Tolland, Charles Scholl, Rockville.

In the appointment of the Hartford county vice president there was keen rivalry. William S. Leek, of Windham, was backed by the volunteer faction while the Monday night delegates upheld Captain Estlow of the Hartford department. The first vote stood 30 to 29 in favor of the former.

The said Leek, however, was immediately protested and demanded a second ballot. This was done in the face of protests, and as some of the Windham backers had left the hall, the Hartford man was elected by a vote of 29 to 27. The action was strongly protested by the volunteer faction, but the chair declared Captain Estlow elected on the ground that more than 30 minutes had been consumed in balloting.

When the matter of miscellaneous business was taken up, Hoseman Rutherford, a member of the Bridgeport board, moved to rescind the action of the executive board of the claimed holding up of his sick benefit money. When it was brought out in the discussion that Rutherford had been turned down by the board because of his failure to file the claim within 30 days of his illness, the members unanimously voted to rescind the action on the ground that the fireman had made a technical mistake only.

President M. J. Dailey presided at the meeting. At 10 o'clock, Mayor Rice and Chief Fancher, head of the New Haven department, welcomed the visiting firemen and delegates. At the close of his talk Chief Fancher invited the visitors to an exhibition of the efficiency of one of the new Seagrave pumping engines green. On the ground, which firemen were especially interested, since the city is to have similar apparatus.

In a report the treasurer, Samuel C. Snags, said the state of finances of the body was satisfactory and gratifying.

A more extended report was made by Secretary Robert V. Magee, of Waterbury. His last report showed a total of \$10,830 claims paid, while with the close of the fiscal year, May 1st, the total reached \$11,857.

Benefits have been paid in the past year to forty-three departments, the list of orphans has not been increased, membership shows an increase of eight companies, bringing the total to 296 companies, with prospects good to increase to three hundred.

Two deaths were reported during the year, Charles Prince of Rowayton and James O'Donnell of Derby. The collections for the year were \$1,975.25. The benefits totaled \$3,872 and the amount paid to orphans \$2,640.

Treasurer Snags submitted his report in detail showing that total receipts were \$14,257, and expenditures \$2,429.

Just before the meeting adjourned memorial services conducted by Rev. Father Ryan were held. A sermon by Father Ryan several pleasing selections were sung by a quartet composed of prominent New Haven musicians. They were, Miss Anna Webster soprano; Mrs. Wm. Schowlow, contralto; Mr. Joseph McGrath, tenor; Mr. John Murphy, bass.

The organist was John Sullivan. The organist was John Sullivan. The organist was John Sullivan.

After the business session the chiefs adjourned to the Cafe Metzger banquet hall, where a dinner was served by Mayor Frank J. Rice as the guest of honor.

The delegates met again Thursday morning at which time unfinished business was taken up. At the close of this session the convention officially came to a close.

At the business meeting of the 22nd annual convention of the Connecticut State Firemen's association in New Haven, Wednesday, attended from this city by Chief J. Stinson, J. J. Lynch from Engine Co. No. 1, Arthur Buckley from Truck Co. No. 1, Capt. Henry Taft from Chemical Co. No. 2, and Charles Froelich from Engine Co. SENDING \$4000

FOR TIFLIS MISSIONARIES

Dr. Barton Has Received No Further Word Regarding the Ushers.

Thursday Rev. J. O. Barrows of West Town street received from Rev. James L. Barton, secretary of the American Board of Commissioners of Foreign Missions in Boston a letter enclosing this telegram from Washington, D. C., sent by Secretary of State Robert Lansing:

Washington, D. C., August 16, 1915.

Rev. James L. Barton, 14 Beacon St., Boston.

American counsel, Tiflis inundated. Telegram received fourteen requests department notify you as follows:

All Americans of Van mission excepting Mrs. Usher who died there, 15 altogether arrived Tiflis yesterday without funds or clothing. Usher dangerously ill. Mrs. Reynolds fractured leg. Other convalescent but broken down with work and hardships. Instructions requested regarding their relief and repatriation.

ROBERT LANSING, Secretary of State.

Dr. Barton in the letter accompanying states: This gives the whole story of all that we know. We are sending \$4000 by telegraph through the state department for immediate relief, but are leaving it to the missionaries to decide whether they will remain in Russia for recuperation and rest or whether they will plan soon to come home. Dr. Reynolds is approaching Petrograd. We have cabled him today to get into communication with the missionaries at Tiflis before he proceeds further.

RICHARD CASE KOHN DEAD.

Grandson of George R. Case Taken Ill at Summer Home in Nantucket.

George R. Case, who was visiting in Norwich, was suddenly called to Hartford by the death of his little grandson, Richard Case Kohn. The Hartford Post says of this promising boy:

Richard Case Kohn, only child of Mr. and Mrs. Albert M. Kohn, of No. 19 Niles street, died at the summer home of the family in Nantucket, Thursday. He had been ill several days with tonsillitis. His parents were with him at his death. The family had been at Nantucket since early June. The boy was 12 years old and a pupil in the West Middle school. Last June he was promoted to the ninth grade. He was a corporal in the Middle school.

From Middletown comes the following tribute:

Richard Case Kohn, who died Thursday, was a boy of unusual promise. So sudden was his passing on that all relatives and friends are shocked beyond measure. The death is particularly sad in that it occurred away from home and at the shore, where the summer was being spent primarily to provide the boy with a healthful change. Dick, as intimates called him, was full of life; he was a natural wit and possessed a brilliant mind. In his studies he displayed a remarkable aptitude and at all times a thoughtful consideration of others. He was unselfish to a fault, and he was true in all that he said. We cannot understand his going, but we have tender memories of a life that was sweet and blessed.

J. W. C. Middletown, August 12, 1915.
